

Sample Feedback Form for a Session.

Feedback on first session of Working within Community Groups and Organisations.

Why? Your views will be brought together with feedback from all the people on the course, the trainers and researcher, and speakers to complete a short report to share with the CBP staff team, the project's advisory group and other interested parties ... and support the development of learning for volunteers, activists and residents in the area.

5 minutes of your time doing this at the end of each session will be invaluable for further developing this course.

No names are recorded: What you say will remain anonymous (no names attached to it).

Short answers are fine! Short answers, including 1 word answers or symbols e.g. thumbs up or down, will give us valuable information. If you want to give a longer answer to **some or all** of the questions that will be useful too.

You don't have to answer every question: put your time into answering the questions **you** feel are most important

Session 1: Sharing knowledge about community organisations and groups.

Main activity: Poster and discussions
