

SAMPLE Feedback Form for a whole course

FEEDBACK on 'Working within community groups and organisations' course.

Why? Your views will be brought together with feedback from all the people on the course, the trainers and researcher, and speakers to complete a short report to share with the CBP staff team, the project's advisory group and other interested parties ... and support the development of learning for volunteers, activists and residents in the area.

5 minutes of your time doing this at the end of each session will be invaluable to further developing this course.

No names are recorded: What you say will remain anonymous (no names attached to it).

Short answers are fine! Short answers, including 1 word answers or symbols e.g. thumbs up or down, will give us valuable information.

Longer answers are fine too! If you want to give a longer answer to **some** or **all** of the questions that will be useful too.

You don't need to answer every question: put your time into answering the questions **you** feel are most important

THE WHOLE COURSE: looking back across the whole course.

What worked best for you during the course?

What didn't work for you, or was missing from the course?

Were the course, and the trainers, able to support your learning? Any improvements?

Did you feel a part of the group? What could be improved?

How was the venue? Any improvements you can suggest?

Please give an overall score for the WHOLE COURSE from 1-5, where 1 is low (poor) and 5 is high (excellent):

1 2 3 4 5
